

Prime

The **Prime Shower Enclosure** is the perfect combination of sophisticated style and brilliant practicality. The corner installation provides an effective solution to maximize space. Two sliding door panels create a comfortably wide center entrance, without claiming the space necessary for a swing door. The unique shape of the neo-round design is achieved with beautifully curved tempered glass.

Features:

- 1/4" (6mm) tempered clear or frosted glass
- Chrome hardware finish
- Anodized aluminum wall profiles and guide rails
- 3/4" out-of-plumb adjustment on each side
- Optional SlimLine™ shower base and backwalls available
